# MIS DASHBOARD SPECIFICATION

## PAGE 1 — EXECUTIVE SUMMARY DASHBOARD

| | |
|---|---|
| **Document Title:** | Executive Summary Dashboard — MIS Build Specification |
| **Dashboard Code:** | DASH-001 |
| **Target Audience:** | Business Owner |
| **Prepared For:** | MIS / BI Development Team |
| **Document Version:** | v1.0 |
| **Date:** | 02 April 2026 |
| **Status:** | Ready for Development |

### Purpose

This document provides complete specifications for building the Executive Summary Dashboard (Page 1 of 6) in the company MIS reporting suite. It covers KPI definitions, chart requirements, data field mappings, filter controls, layout guidelines, and acceptance criteria.

The dashboard must render as a single screen (no scroll) on a 1920×1080 display and refresh on page load or manual trigger.

# 1. Dashboard Overview

*High-level description of dashboard purpose, audience, and delivery.*

| | |
|---|---|
| **Dashboard Name** | Executive Summary Dashboard |
| **Dashboard ID** | DASH-001 |
| **Audience** | Business Owner |
| **Refresh Frequency** | On page load / Manual refresh button; near-real-time (< 5 min lag) |
| **Layout Target** | Single screen, no scroll — 1920 × 1080 px (Full HD). Responsive fallback to 1366 × 768. |
| **Access / Roles** | Owner role only. No drill-down required on Page 1 (summary tiles only). |
| **KPI Count** | 10 KPIs |
| **Chart Count** | 4 Charts |

## 1.1 Default Filters (Global)

*Filters applied to all KPIs and charts unless noted otherwise.*

| | | |
|---|---|---|
| **Financial Year** | Current FY (Apr–Mar) | YTD KPIs use FY start date |
| **Staffs** | All (consolidated) | All employees' individual and combined selection |

# 2. KPI Specifications

*All 10 KPIs for the Executive Summary Dashboard. Each KPI renders as a tile/card on the dashboard.*

| KPI Name | Format | Period | Calculation / Business Rule |
|---|---|---|---|
| Total Sales Revenue | Currency (₹) | MTD / YTD | Sum of invoice totals from sales transactions in current month and financial year |
| Total Purchases | Currency (₹) | MTD / YTD | Sum of GRN purchase values in current month and financial year |
| Total GST Paid to Government | Currency (₹) | MTD | Sum of sales input GST – Sum of GST on all purchase |
| Gross Profit | Currency (₹) | MTD / YTD | Total Sales – Total Purchase – GST Paid |
| Gross Profit Margin % | Percentage (%) | MTD / YTD | (Gross Profit ÷ Total Sales Revenue) × 100 |

# 3. Chart Specifications

*Detailed specification for each of the 4 charts on this dashboard.*

| # | Chart Title | Measures / Dimensions | Chart Type | Notes |
|---|---|---|---|---|
| C1 | Monthly Sales Trend | Total Sales by month wise on selected year | Line | Months in X Axis should be supported Indian FY format (Apr – Mar) |
| C2 | Sales by Category | Revenue % share by product category | Donut | Show top 3 categories; group remainder as ‘Others’; display % labels |
| C3 | Quarterly Sales | Comparison of total sales income for each quarter in the selected year | Bar | Show all 4 quarter sales comparison |
| C4 | Top 5 Products by Sales | Product name vs Sales ₹ for Top 5 Products | Column | Sort descending; show value labels at bar end |
